- Design Presentation

Creative Design Capabilities

Interior Design

- Developing creative interior concepts with a balance of elegance, functionality and comfort.
- Understanding spatial arrangements, visual proportions and interior aesthetics.
- Creating 3D visualizations and design presentations to communicate proposed interiors.
- Exploring material combinations, textures and colour palettes for cohesive interiors.

Graphic & Multimedia Design

- Creating visually engaging graphic compositions and digital artwork.
- Developing professional layouts with attention to typography and visual hierarchy.
- Image manipulation, creative editing and visual refinement.
- Motion graphics and multimedia content development.

Professional Strengths

- **Creative Thinking:** Ability to conceptualize and develop distinctive design ideas.
- **Attention to Detail:** Focus on precision, finishing, proportions and visual consistency.
- **Aesthetic Sensibility:** Understanding of colour harmony, textures and spatial presentation.
- **Adaptability:** Ability to work across interior, graphic and multimedia design requirements.
- **Problem Solving:** Balancing functional requirements with creative design solutions.

Design Philosophy

I believe good design is a combination of creativity, functionality and thoughtful detailing. My approach focuses on creating visually harmonious environments and design solutions that enhance usability while maintaining elegance and a strong aesthetic identity.

Career Objective

To contribute my creative expertise and professional design capabilities to Gymkhana Club, supporting its interior aesthetics, visual presentation and design requirements. I aim to create refined, functional and visually engaging spaces that reflect quality, comfort and sophistication.

Professional Focus
